WORK EXPERIENCE

SVT | 2020-

I have been working with technical support for SVT and the services that they offer to their customers. I have been in close contact with developers at the company to discuss bugs and improvements for their apps and websites.

IMAGE GROUP | 2019 - 2020, 2022

I worked as a sales consultant at Image Group's stores at NK in Stockholm. I worked there from the summer of 2019 until the fall of 2020 when I started working for SVT. During the start of 2022 I helped out with the stores for a couple of months after the manager reached out to me again.

PANDORA | 2016 - 2019

I was working at Pandora as a sales consultant for three years. I started working extra during Christmas of 2016 before I got a part-time contract at their flagship store on Drottninggatan. I worked there until I was asked to join the Image Group team at NK.
